

DRIED CITRUS PEEL SUPPLEMENT FOR USE IN
COMMERCIAL POULTRY FEED

Abstract of the Disclosure

[0097] Disclosed is an improved poultry feed diet composition and uses incorporating the feed composition. The feed composition includes byproduct or waste material from citrus juice extraction. The citrus byproduct or waste is at a concentration characteristic of a feed supplement. These feed supplements improve poultry characteristics and enhance feed conversion when compared with traditional poultry feed diets or supplements which rely on components that are not in their respective native states as present in citrus byproduct from juice extraction equipment.
